Subject: Basketball Season Update

Importance: High

Coaches,

Thank you so much for all you have done to date. I know that for some, it has been a crazy start and I sincerely appreciate your flexibility, understanding and patience as we get rolling with the season.

Jerseys: I received an email from the vendor and unfortunately the jerseys did not arrive on Friday as planned. The order has been delayed. I don't anticipate the jerseys arriving until December 20. I will send out communication once I have them in hand.

Game Schedules: Those will be posted on the website by the end of business today. I was out of the office most of last week dealing with a family emergency, so I sincerely apologize for the delay.

Practices/Gym Usage: Please note that school activities will always take precedence over our practices. I don't have the capability/space to make up every practice that is cancelled because of a school function or holiday. Please continue to look at the list of [Gym Closures](#)- it was updated this morning. With this last weather related cancellation, additional changes may be coming. Please continue to check the list weekly.

I hope everyone enjoys a safe and happy holiday season!
